

From Cali To Antioch — Many Miles & Much Change

Beatriz Eugenia Munoz Castro is a big and rather formal name for the rather small, dark, friendly girl who is this year's Foreign Exchange student at Antioch High School.

Beatriz is from Cali, Colombia, South America. She is 18 years old and graduated from high school in Cali last year. She's a senior at Antioch High this year.

Beatriz lives at the home of Mr. and Mrs. O. W. Turner east of Antioch. The Turners have a daughter, Sue, a junior at Antioch High, and a daughter, Judy, now in college.

Beatriz speaks very creditable English, though at times she has to pause to seek an English word to express what she's thinking. She studied English—what she calls British English—for six years in school. She studied American English for six months.

What differences does she notice between this country and her native Cali? "The people hurry, hurry, hurry," Beatriz says. "They're always so busy. At home, people have more time for everything."

"Here, the people all study. Everybody goes to school but they don't take it seriously," she says.

At home, Beatriz explained, the poor don't go to school. There are no public schools. The people who can't afford to pay to go to private schools get no education.

Some attempt is made to give them some education,

Dark Of Moon Opens Friday

The curtain will not rise on **Dark of the Moon** Friday and Saturday and again on November 5 and 6 because a different approach is being used for the entire setting of this fantasy which will haunt the viewer long after the last words are spoken. No curtain will be used, and the set is extremely unusual as is the entire production. No explanation will be given at this moment—be there when the play commences the next two weekends.

Based on **The Ballad of Barbara Allen** and set in the American counterpart of the Scottish Highlands, this play by Howard Richardson and William Berney convincingly reveals the superstition, religious fervor, and stimulating character of the mountain folk, and the hate and envy that leads to the sad ending of the ballad. It was performed at the 46th St. Theatre in New York for 322 performances, opening in 1945, and was also performed in London in 1949.

In addition to the performers mentioned in previous articles, there are several more "old and new" faces that play important roles. Josef Hunley portrays the role of Preacher Haggler, a role which he also performed with the Goodman Theatre. Joe adds a tremendously professional part to any show with which he is connected. As well as co-managing the Rio-Vul-Pony-Farm, he sells real estate and is now an advertising salesman.

Carol Anderson, an Antioch resident, is a newcomer and plays Barbara Allen's mother, Mrs. Allen. Carol has two children and enjoys acting again. She was a drama major at Mundelein College. Actor and director Don Beveroth who resides at Paddock Lake, Wisconsin, teaches English at A.C.H.S. He portrays Mr. Allen. No one will forget his performance in **Guys and Dolls**, **A Thruher**, **Carnival**, and **Gold in the Hills**.

Other roles are created by Bob Thomley, Homer LaPlant, Rich Irmen, Garnet Odlsen, Wes Camp, Marie Jasien, and Steve Smouse from Antioch; Joyce Maj from Gurnee, and Jane Valumstad from Lake Villa.

The Antioch Art Guild will have an Art display in the lobby, and coffee will be served at intermission.

Tickets may be obtained from cast members, Vivian Mapelhorpe 395-3613, or at the box office.

SUE TURNER, Antioch, (left) and Beatriz Munoz Castro, Cali, Colombia, are "sisters" during this school year. The Foreign Exchange student lives with the Turner family while attending Antioch High School.

however. Those who attend private schools are obliged to teach the poor children on Saturday for two years.

Beatriz family is her parents, grandmother, five sisters and one brother. Her father is a sports writer and commentator.

Soccer is her favorite spectator sport, she says, though they call it football in Cali. Basketball and swimming are her favorite participation sports. She enjoys all sports.

Dancing is different in Colombia than in America—only the 12 to 16 year olds do rock and roll. Her own favorite dances are the tango, bambuco, cumbia, charanga and pasillo.

Beatriz is very happy she could come to the U. S., she says, and couldn't believe it when she was told she had won the chance. She hopes to go on to study Sociology—she would like very much to help the poor in her country—or to become a bilingual secretary.

There are many American-owned plants in Cali, Beatriz

Highway Department Ready For Winter

The State Highway Department started the business of getting ready for this winter's snow and icy roads at a meeting and inspection of equipment at the State Highway garage at Grayslake Tuesday.

Equipment was inspected to make sure it was in condition for the winter job and talks given on the techniques and aids to keeping the roads clear in bad weather.

A new grader with wings and a V plow has been added to the equipment serving this region. The new grader will be used to clear off shoulders in preparation for the next snowfall.

The state has 23 patrol trucks and 11 extra trucks to service the approximately 460 miles of State Highway in the county. Each patrol truck is assigned about 20 miles of highway to keep clear during a storm. Drivers are instructed not to exceed 20 miles an hour while plowing. If it seems at times that the plow never passes your place, remember the driver has a 40-mile round trip, at a maximum of 20 miles an hour, to return to a given spot.

During a bad storm, 3 trucks are assigned to Route 41 and two to Route 12, two of the roads carrying the most traffic.

Antioch Woman Killed In Rt. 21 Collision

Judith Langer, 19, of 701 Lake St., Antioch, was killed Sunday night, October 24, when the car her husband was driving collided with another on Rt. 21 in Vernon Township.

Dennis Langer, the driver of the car, and two passengers were seriously injured and taken to Conell Memorial Hospital. The driver of the other car involved, Doyle Black, 39, of 649 N. Elmwood Ave., Waukegan, was also taken to Conell.

It was not known how the accident happened as all concerned were too seriously injured to be questioned.

Passengers in the Langer car were JoAnne Ott, 1653 N. Central, Chicago, and Lance Tepper, 4801 N. Warwick, Chicago. Black was alone in his car.

Baby Won't Wait, Neighbor Acts As Emergency Midwife

"It's probably the first time a midwife without shoes on ever delivered a baby while the patient had shoes on," commented Mrs. Glen Bise, after delivering a 4 pound, 6 ounce daughter to Mrs. William Verdien, Kirschmeyer Apartments, Antioch.

Mrs. Verdien's little girl, about a month premature, arrived Sunday night in her home before the Rescue Squad, or a doctor could be called. Her husband had just left when she first became aware that her baby might be on its way. She sent her young son to call her neighbor, Mrs. Bise. The baby was born before Mrs. Bise could call the squad.

The tiny girl was so healthy that the doctor, when he arrived belatedly, advised the mother to keep her at home. Mother and child are both fine, says Mrs. Verdien.

No name has been selected for the newest Verdien. Her husband is only home on Sundays, Mrs. Verdien said, and though she talks to him on the phone they haven't been able to settle on a name.

The Verdiens have three other children, two girls and a boy.

Mrs. Bise, who lives at 626 North Ave., Apartment 8, has seven children of her own.

Issue Charter To Local Firm

A charter was recently issued by the office of the Secretary of State to the Antioch Refreshment, Inc., at 1046 Victoria St., Antioch, to Thomas E. Cardwell, to make frozen food products and sandwiches, together with allied food products for retail and wholesale sale.

WEATHER OUTLOOK

The U. S. Weather Bureau 30-day outlook for Illinois from mid-October to mid-November is for precipitation to average less than 1½ inches in the West and from 1½ to 3½ inches in the East and extreme South.

Temperatures for the same period are expected to average near the seasonal normals.

Mark Frerks Home To Visit

Mark Frerks, the little boy who was badly burned last June, is home for a visit.

Mark was in a hospital in Waukegan, then at the Shripers Burn Institute in Cincinnati. He may be home for about a month before returning to the Burn Institute for skin grafts.

A benefit dance was held at the Lake Villa VFW Hall last week to help the family pay the hospital bill Mark incurred before entering the Burn Institute. How much was taken in at the dance for the Fund has not yet been determined.

Mark's parents live on Grass Lake Road. His mother has visited him during his hospitalization in Cincinnati.

Art Week Puts Local Art In Limelight

Mayor Ray Toft last week signed a proclamation declaring November 1 through 7 American Art Week in Antioch.

Art Week was first established in 1931 by the American League. Since that time it has been proclaimed by presidents, governors and local officials as the first week in November.

The Artists' League suggests that during the week attention be directed to artistic forms of public buildings, churches, schools, etc. The churches will stress religious art, the schools the history of art, and displays of pupils' work.

Theme of Art Week this year is Art for Enrichment. Mrs. Arthur W. Heinson, Mundelein, Director of Art Week, suggests that local artists and pupils display some of their work in merchants' windows in observance of Art Week. Jackie Horton is local chairman of Art Week activities.

Public Aid Costs More In August

Public Aid rolls in Illinois declined in August by a total of 3,400 persons, according to Harold O. Swank, director of the Department of Public Aid. However, Public Aid expenditures in August were \$25,234,320, compared to \$25,142,252 in July. Expenditures in August 1964 were \$23,767,716.

In Lake County, the total persons receiving Public Aid were 2,631. They received \$140,226. Of these, 425 persons received old age assistance in the amount of \$37,447; aid to dependent children went to 1,260 persons in the amount of \$52,600; 21 persons received \$1,747 Blind Assistance; 92 persons received \$7,566 in Disability Assistance, and 814 persons received \$33,856 in General Assistance.

Small Spooks Collect Coins For UNICEF

Dozens of little witches, spooks and goblins will be out trick or treating next Sunday. Among them will be children looking for treats, not for themselves, but for less privileged youngsters all over the world.

The coins they collect for UNICEF will go to provide food and medicine for children who need it. The Antioch Methodist Church sponsors Trick or Treat for UNICEF each year.

UNICEF was founded fifteen years ago to help mothers and children in underdeveloped nations of the world. A single UNICEF penny can mean the vaccine to protect a child from tuberculosis. Each "treat" of a nickel can provide the penicillin to cure two children of yaws, an ugly crippling tropical disease.

Mr. and Mrs. John Laude are Antioch chairmen of the UNICEF Trick or Treat program.

Work-Study Program To Combat Drop-Out Problem

Antioch Community High School has been chosen as the site of a pilot project designed to keep the potential drop-out in school until he secures his diploma. It was disclosed at Wednesday night's meeting of the High School board.

The experimental program is a project of the Special Education District of Lake County, of which Antioch High is a member.

About seven students will be involved in the Vocational

Rehabilitation program to start. A study-work schedule will be set up for each one with the student attending school for part of each day and working the balance of the day. The work hours will not exceed three hours a day.

Local industries are being contacted as to the possibility of their cooperation in providing work for the students. Results of the program will be evaluated. If results are good, other schools in the

Special Education District are expected to institute a like program.

"We are finally, I think, reaching the stage where we try to meet the needs of all students," Mr. Dittman said. "Probably these students will not be able to secure a diploma in four years—I don't see how they could. But we've put too much stress in the past on the conventional four years for a diploma."

"We already have a pro-

gram for the particularly gifted, and the Educable Mentally Handicapped. In the past, we've aimed too much at one program for the masses."

The High School recently received another tax disbursement from the office of the county treasurer in the amount of \$137,000, which will be invested until needed.

This is the fourth disbursement of 1964 tax funds which the school has received, bringing the amount to 86% of the total levied. Mr. Dittman remarked that this is the earliest in the 14 years that he has been at the school that the tax money has been received by the school, and praised the efficiency of the county treasurer's office for speedy collection and disbursement. The early collection, he pointed out, means that the school can collect more interest money by investing the funds.

Accountant David Cain told the board that the school accounting system is being converted to the automatic data processing system, with December 1 the target date for completion of the change-over.

A discussion at the September meeting of the board of the protection given high school football players resulted in a request to have Ward Lear survey the measures taken at other schools of the Northwest Conference.

Antioch High School has a physician in attendance at all games. The Rescue Squad also stands ready to provide ambulance service, plus the station wagon used in Driver Education should more than one ambulance be needed.

Mr. Lear found that six of the schools at which Antioch would be playing games have a physician and ambulance in attendance during games, two have them on call. Mr. Dittman reported that he brought this matter up at the last superintendents' meeting, and it was agreed that all schools in the conference would try to have a physician in attendance.

Because local doctors are often unable to remain at Antioch games, Antioch High now has a physician from Great Lakes in attendance.

The Golden Anniversary committee, it was announced, realized \$1,200 from sale of the special yearbooks, etc. The committee decided to use the money to purchase three gifts for the High School.

A new school flag, in the school colors of red and grey, and bearing the initials ACHS, will be purchased and presented. The old one is worn and bears the AHS formerly used.

The committee will also present the school with a scholarship plaque. This will have a space for insertion of 200 names. The names of the valedictorian and salutatorian of classes for the first 50 years will be inserted, leaving room for the names of the two high-ranking scholars of each class for the next fifty years.

The third gift from the Golden Anniversary committee will be a large Coming Events sign, similar to the one now on the front of the school. The new sign will be on the athletic field, facing Route 173, and will be lighted. It will be about 10 ft. x 6 feet and may bear the inscription, "Home of the Sequoias."

A report will be made to the board next month on Teachers' Visiting Day, held October 25. Teachers visited schools within a fifty-mile radius of Antioch. Fifteen teachers were delegated to visit special courses and report on them, with a possible view to incorporating like courses into the Antioch High curriculum.

Problems of H.S. Students Panel Subject

Problems of High School students will be the subject of a panel discussion at Antioch High School on Wednesday, November 3.

The discussion will start at 7:30 p.m. in the High School cafeteria. On the panel will be three high school faculty members: three parents and five student council members. Among the subjects to be discussed are discipline, attendance, and boy-girl relation.

Staff members who will sit on the panel are Elaine Weidner, Dean of Girls; Lawrence Eggleston, Dean of Boys; and E. L. Kurek, Guidance coordinator.

The three parents who will join in the discussion are Francis Mitchell of Petite Lake, PTA president; Dorothy Derderian, Antioch, and Robert Gross of the Grass Lake area. The five student council members have not yet been named.

The public is invited to attend the discussion.

Attempted Break In At Antioch Bowl Fails

An attempt was made to break into the Antioch Bowl last Wednesday night, according to owner Jack Sampayo. The would-be intruders were stopped by a fire proof door. An attempt to jimmy the door failed.

The attempt was made on a back door. The door opens into a dog kennel. The two dogs had been released so that the would-be burglars could get at the door.

The Sampayo home was entered and burglarized the preceding Monday. A steel box, containing legal papers, for which Sampayo offered a reward, is still missing.

Sampayo said a night watchman is at the alley all night. He didn't hear anything, but discovered the dogs were loose in the morning.

Youngsters Turn In Eighty Posters In Chamber Contest

Eighty posters were submitted by Grade School children in the Chamber of Commerce Halloween poster contest.

The posters will be displayed in the windows of merchants in Antioch. Dick Erickson, in charge of the poster contest, said they hope to have them in the windows today (Thursday).

First, second and third place winners will receive \$15, \$10 and \$5 prizes, plus trophies donated by Gibbs & Jensen. The prize-winning posters and trophies will be displayed in the Antioch News window.

The seventh and eighth grades of Antioch Grade School, Oakland and St. Peter's participated in the contest.

The Chamber of Commerce sponsored the poster contest in place of the window-painting contest held in former years.

Lightning Strikes Home During Storm

Lightning struck a home in Oakwood Knolls last Thursday morning, doing considerable damage.

The home of John Hagen, 240 Bridgewood, Antioch, was hit about 8 a.m. The vent was knocked out of the roof and shingles peeled off, all the fuses in the house blew, and the knobs were knocked off the electric stove.

No one was injured.

Hurt In Fall On High School Stairs

Edith Bruski, 14, daughter of Mr. and Mrs. James Bruski, Antioch, was taken to Victory Memorial Hospital last Friday by the Antioch Rescue Squad after she was hurt in a fall on the stairs at Antioch High School.

Edith suffered a concussion in the fall. She is reported to be at home and recovering, by her mother.

CHILDREN WILL BE OUT in force Trick or Treating for UNICEF Sunday. These youngsters made a "trial run" in their costumes for the cameraman. Left to right, Cindy and Sue Poulos, Mike Polsgrove, Terry Randall and in back in the arms of her mother, Mrs. John Laude, is Carolyn Ray Laude.

Your Congressman

By Cong. Robert McClory

When it comes to sugar, the Congress must assume a large measure of responsibility for making the American consumer "pay through the nose."

The Federal controls on sugar date back to the Sugar Act of 1934. Between that date and the 1962 this legislation helped maintain the economy of Cuba, while at the same time it provided generous subsidies for the American cane and sugar beet farmers.

At the present time, the Sugar Act results in a price of imported raw sugar about three times that of the world price. In addition, domestic producers of sugar beets and sugar cane operate under a strict quota system that is applied to any other agricultural product. An artificial balance of 60 per cent domestic production to 40 per cent imports is maintained as a result of the existing law.

With an embargo on Cuban sugar, 30 other sugar-producing nations have been assigned quotas under a complicated formula that few can understand. It has been suggested that wealthy merchants and plantation owners are the principal beneficiaries of the existing system—and not the rank and file individuals in the nations involved. In fact, it is reported that the workers on these foreign sugar plantations receive wages of from 7 to 30 cents per hour in contrast to the average American sugar worker's rate of \$3 per hour.

An unsavory aspect to the pending legislation is the influence which lobbyists have had in the final legislative proposal. Sugar lobbyists who appeared before the House Agriculture Committee receive fees of from \$3,000 to \$55,000 per year. One may wonder what effect these highly paid influence peddlers have had on the final quotas allocated to their clients—the 30 countries from which we purchase sugar.

Congressman Paul Findley of Illinois, a member of the House Agriculture committee, is the chief critic of the sugar bill. Congressman Findley asserts that appropriate amendments to the measure would result in saving the nation and the American consumer \$280 million per year or more, than \$1 billion over the five-year period covered by this measure.

The whole sorry subject is being aired during these final days of the first session of the 89th Congress. The extension of this Sugar Act may be sweet news to the sugar producers, but it strikes a sour note with the American consumer, including this Member of Congress.

At this writing the outcome of the sugar bill is certainly in question, with final action expected to come in a last-minute House and Senate Conference.

member of the "out" group instead of the "in" group.

Personal feelings or personal philosophies are not always the best guides in voting on matters which affect the entire country.

Each member of the county board has a duty, the same as a state legislator, or Congressman, to vote on each individual matter according to his convictions arrived at after an objective study of the subject matter, always keeping in mind that he is voting not only for himself, but for the people he represents.

Letters to the Editor

Rte. 1, Box 248
Lake Villa, Illinois
Editor:
Antioch News

Dear Editor:

Being a veteran of World War Two, I am getting just a little disgusted with these so-called demonstrations.

Why doesn't our Government do with these (so-called) men that burn their draft cards as they did with those when I went into service. If we lost our card or it was destroyed we were immediately drafted, what is happening to our Government?

Further more may I ask? What is wrong with the parents of these children, don't they have an ounce of decency or common sense, is money becoming so almighty that they are willing to sacrifice their lives and the lives of their children to slavery in order to gain something they are very close to losing now, with the aid of their children, if they don't wake up and soon.

We are supposed to be the most highly educated people in the world and we show less sense than the head hunter, they have a pride in their country or community that would put us to shame.

I am very disgusted with the apathy I have found in this area, as long as the people here can have their fun, they care less what is happening or what anyone else does, least of all how serious the Communist threat is in this country.

I beg you parents, that have boys in service to get into action so that your boys may not die in vain and in shame.

Sincerely,
Thomas P. Spacek
Rt. 1, Box 248

Antioch News
Antioch, Illinois
Dear Editor:

I see where we are having several boat loads of people coming from Cuba every day. They are only allowed to take 5 dresses (or equivalent in suits), three changes of underclothing and stockings, one pair of shoes (the ones being worn), one pair of pajamas or nightgown, toilet articles, \$30 worth of jewelry, but no money of any kind.

These must be a brave lot of people. They are brave enough to want to leave their Communist infested country, all their possession to brave the waters of the ocean in small boats.

I wonder how many of us would give up our comfortable homes with all the latest equipment—beirrooms—businesses and money just to come to a FREE country.

If we don't do something about our country now it won't be free for long, and we won't have any place we can escape to like these Cubans. LET'S THINK ON THIS!

Sincerely,
Shirley S. Spacek
(Mrs. Tom Spacek)
Route 1, Box 248
Lake Villa, Ill. 60046

OPEN LETTER TO SHIRLEY S. SPACEK:

After reading your letter to the editor of this week, I have drawn several conclusions.

As to your remark about Cubans coming to the U. S. being a brave lot—I don't think it takes much bravery to leave a communist country (unless it's fear of being shot while leaving) and come to a country where the government will give them food, housing, medical care and protection for free.

You talk about them giving up their comfortable homes with latest equipment, beirrooms, businesses and money. What or who makes you think they ever had these things?

You say "If we don't do something about our country it won't be free for long"

Well, I say maybe our country isn't perfect but it's the best country the world has ever known and let's think twice before we change it.

Harold Gaston

By Pearl Kapell

The frost is on the punkin' and the fodder's in the shock. Daylight saving time ends, and darkness comes ever earlier.

There's a chill in the air and the wind is raw. Find a sheltered spot on a sunny day and the sun still feels blissful warm.

This is the time to think of scuffling through piles of leaves, and apple cider, and harvest moons, and hunting. Time to carve some pumpkins for Halloween, and have some treats on hand for kids dressed as ghosts or

An Open Letter to the Editor of the Antioch News

Did you ever try to dedicate something for one one, only to find that you have too little space, only this is a case of not having enough space for what you want to write. Then a very bright idea, The Antioch-News Letter Column.

I write of a man who is always doing something for others, it matters not whether he knows you or not.

Here is a man who has given his all for Antioch and still at age is still at it.

You know it makes no difference where you were born, your creed or your religion as far as he is concerned, only that you are a human being.

Outspoken, yes, but has anyone ever been able to claim anything he says a lie? If the Good Lord would only give us more men like him.

Ever on the go, if not arranging a parade for the town, it's a chair for this or a chairman for that, take a veteran to the hospital, makes sure that the veteran's family is not in need while he is confined there.

I have only known this man for 10 years but I could go on writing things about him forever, for his work is never done.

My reasons for this letter, well, we have a full calendar year of 365 days in which so many days are wasted that the thought of a day each year to be set aside for some outstanding man or woman to be recognized for things they have done.

I wonder just how many have guessed this man's name that I am writing about—I give you John L. Horan, Sr. . . . a man to build a day about—just for him, make this a yearly affair, for it's not had to find names like McMillen, Cunningham, Shultis, Toft. I could go on, only that I know that what I have written is going to take up a lot of space.

To you, John, I add my own little bit. There should be eternal life for you so you could carry on your good work, and to your untiring wife, may the Good Lord be good to the both of you.

Respectfully submitted,
for the Approval of
All the People,

Arthur J. Letkey
322 Cedarwood Lane
Antioch, Ill. 60002

To the Editor:
It would appear from a perusal of the 1966 Tentative County Budget that, just as some of these "equal" animals of the Animal Farm are "more equal" than others, certain of the "free" creations of the County Board are "more free".

For instance, the "free" Public Works Department is budgeted to dip into the County "pot" for a mere \$168,050 which is a great deal "more free" than the "free" courthouse which will dip for \$450,000.

Of course, both of these "free" services are "less free" than they were last year. The tab for the "free" courthouse in 1965 was \$425,000 — \$25,000 "more free" than in '66; and the "free" Public Works at \$36,900 in '65 was almost 3 times "freer" than it will be next year.

In two years time our sleight-of-hand artists on the County Board will have caused over One Million Dollars of our money to disappear as they pull the "free courthouse" and the "free Public Works" out of their hats to astound us with their magic.

Imogene Cashmore
Grayslake, Ill.

devils or what-have-you. It's noising the end of the football season, and time to get up the storm windows and remember to check the antifreeze in your car. Thanks-giving's just around the corner. It's not too soon to start planning for the big family get-together.

Time to put the garden to bed for the winter, cover the rose bushes and put away the garden tools. One of these days the temperature will drop, a cold north wind will blow and the rain will turn to snow.

Before winter really sets in, this is the loveliest time of the year for a long walk through the countryside. Leave the car at home once. There's a varicolored carpet of leaves to walk on, and a whole landscape full of red and gold, yellow and bronze and green to gaze at.

Some of the branches are already bare, waiting for winter. If you're lucky, maybe you'll see a V of geese against the sky and hear their honk. Maybe you'll see a flock of ducks, their wings beating their swift up- and - down stroke.

Get out and enjoy it. It's free, and it won't stay long.

Watch Out At Early Darkness

With the return of Standard Time approaching, the Chicago Motor Club cautioned motorists to be alert "because accidents go up when the sun goes down."

The motor club stressed that three out of five traffic fatalities occur at night although only 30 per cent of driving is done during darkness. With most communities scheduled to return to Standard Time at 2 a.m. Sunday, Oct. 31, the club pointed out that darkness will then fall during the late afternoon when both pedestrians and motorists are returning home from work.

To reduce accidents, the motor club's safety and traffic engineering department suggests:

—Cut down driving speeds at night

—Be especially watchful for pedestrians. A pedestrian wearing dark clothing is hard to see under artificial light.

—Keep headlights and windshields clean to provide maximum visibility.

—Check taillights, turn signals, and high and low headlight beams to make sure they are working properly.

—Make allowance for your age. Recovery from glare is lower when you are more than 30 years of age.

State Conference To Keep Ill. Beautiful

A statewide conference to promote public interest and participation in the program to "Keep Illinois Beautiful" will be held in Springfield Saturday, October 30.

Gov. Otto Kerner and members of 275 chapters of the Illinois Junior Chamber of Commerce are sponsoring the program in the Illinois Building at the State Fairgrounds.

Both morning and afternoon sessions have been scheduled. Methods to be followed in preserving and restoring the State's natural beauty resources will be discussed. Invited to attend are Illinois residents who attended the White House Conference on Natural Beauty last spring, representatives of civic groups, industrial and commercial organizations and city officials.

GIRL SCOUTS and their families from the Sequoyah Neighborhood spent a day at Chain O' Lakes State Park in observance of Playday.

Girl Scouts Hold Playday At Chain O' Lakes Park

More than 250 Girl Scouts, leaders and families spent Friday, October 15, at the Chain O' Lakes State Park for the Scouts Playday.

The Playday was sponsored by Troop 110. The morning was spent in various activities. After lunch, Troop 173 of Lindenhurst held a scout's own. This is a renewal in the girls' minds of the meaning of the Girl Scout prom-

ises and laws. Troop 213 Cadettes of Antioch collected the Juliette Low fund from each troop. This is a voluntary contribution which girl scouts throughout the nation give each year to help build friendship and better understanding around the world by sponsoring international exchange projects and other activities for Girl Scouts and Guides.

The Sequoyah Neighborhood Girl Scout leaders will meet November 4 at 7:30 p.m. at Wesley Hall at the Meth-

odist Church in Antioch. November 6 is clean-up day at Camp Morrison. Fathers of Girl Scouts are being asked to help to clean up the camp.

Girl Scouts throughout Lake County will celebrate the birthday of the founder of the organization, Mrs. Juliette Low on Oct. 31.

Mrs. Low started the Girl Scout movement in the U. S. in 1912. She was privileged to live long enough to see scouting for girls grow from one small troop in Georgia to

a nation-wide organization.

Most of the Girl Scout leaders from this area attended a Recognition Dinner for leaders held Thursday, Oct. 21, at the Swedish Glee Club in Waukegan.

HOW MUCH DO YOU KNOW ABOUT SLEEP

What is sleep? How much do you need, and how can you get an adequate amount? The answers should be easy but, the fact is, they aren't.

While medical science knows little about sleep itself—a great deal is known about what happens to your body during sleep. We know, for instance, that your heart slows from about 75 to 60 beats a minute; your body temperature and basal metabolism decreases; and your breathing drops from approximately 16 to 12 breaths a minute. For reasons unknown, sweat glands become more active and the blood flow to your brain increases.

As you are probably aware, not everyone requires the same amount of rest. Some need 10 hours of sleep a night. Others find four hours adequate. While it's easy to learn how much sleep you need, it's not always so easy to get it, for insomnia is a common complaint of millions of Americans.

What causes insomnia? Exhaustion, strange to say, is a common cause. To avoid being "too tired" at night, try taking a nap—only for 15 minutes—during the afternoon or early evening. If you can't fall asleep, at least rest with your eyes closed and turn off the tele-

Internal Revenue Reminds Employers Of Nov. Deadline

Northern Illinois employers were reminded today that November 1, 1965 is an important tax date. District Director of Internal Revenue E. C. Coyle, Jr., said it is the deadline for reporting and paying income tax withheld and social security taxes for the calendar quarter ended September 30, 1965.

Employers are urged to use the pre-addressed Form 941 sent to them by the Internal Revenue Service and mail it along with depositary receipts and full payment of taxes to the District Office, 17 North Dearborn Street, Chicago, Illinois 60602.

The use of the pre-addressed Form 941 is important in the processing of the returns. Employers who have not received the pre-addressed forms should call 222-6826, Taxpayer Service, or contact the local Internal Revenue Service office.

Mr. Coyle said that taxpayers who made timely deposits of taxes due for the quarter in a Federal Reserve Bank or an authorized commercial bank have until Nov. 10, 1965 to file returns.

Circular E, "Employer's Tax Guide," which furnishes detailed information on this subject is available upon request from the Internal Revenue Service.

vision or radio. A short nap will lessen your feeling of fatigue, and in so doing, improve your chances of a restful night's sleep.

Another problem that may interfere with your sleep is hunger. Your stomach is always on active duty and may crave food just four hours after you've eaten. This type of sleeplessness is easily overcome by snacking just before bedtime. The best type of snack is a piece of hard candy or something sweet which will help your body maintain a constant sugar level.

Many sleeping routines—such as hot showers, warm milk, counting sheep—may prove helpful in promoting sleep. Whatever you do, however, avoid the following:

- Overeating at dinner time. Indigestion invites sleeplessness.
- Drinking alcohol and caffeine products such as coffee, or tea. They may discourage sleep by causing your corpuscles to sit up and start circulating.
- Smoking a cigarette to soothe your nerves. Since cigarettes have a tendency to increase the heart rate, they may inhibit sleep.
- Looking at the slow passage of time. Watching the

DEATH NOTICES

ROGER HUNTOON

Mr. Roger Huntoon, 70 years old of Hwy. 75 near Salem, Wis., passed away at 11:45 a.m. Friday, October 22 in Burlington Memorial Hospital after a one day illness due to a stroke.

He was born January 24, 1895 on a farm at Brass Ball Corners near Salem, and had operated this farm since he was 21 years old. Part of the village of Paddock Lake was formerly owned by Mr. Huntoon and his father, George S. Huntoon.

Mr. Huntoon had lived in Salem Township all his life. He married Leone Minnis Nov. 27, 1923 at Waukegan, Ill. He graduated from the Kenosha College of Commerce. Mr. Huntoon had been a member of several local organizations.

Survivors are his wife Leone, two sons, George of Salem and James R. of Janesville, Wis.; two daughters, Mrs. Walter (Loretta) Teunas of Salem and Mrs. Roman (Annette) Siehoff of Burlington, Wis.; and 9 grandchildren.

Funeral services were held at 1:30 p.m. Monday at the Strang Funeral Home in Antioch. Rev. Chase Page of the Salem Methodist Church officiated at the services. Interment was in North Bristol Cemetery on Hwy. 50 near Bristol, Wis.

WILBUR HUGHART

Mr. Wilbur "Webb" Hughart—63 years old of 309 Columbus Ave., Venetian Village near Lake Villa, passed away at 3:30 a.m. Tuesday, October 19, 1965 in the Lake County Hospital. He had been ill since April 1964.

Mr. Hughart was born July clock only aggravates insomnia.

—Wearing night clothing too light or too loose. Either could inhibit your natural movement in sleep.

—Sleep on wrinkled sheets. They may raise ridges which keep you awake by irritating your skin.

—Arguing before going to bed. If talk is necessary, keep it natural.

Only electric dryers give you the same kind of gentle radiant heat you get from the sun

Flameless electric drying is gentle, because it works with radiant heat—like the sun. The only difference is it's controlled. You dial exactly the heat you need for the clothes you want to dry. There's no harsh overdrying or scorching. Whites stay white, colors stay bright, clothes keep their original fit. Another thing. Electric dryers are flameless—so there are no fumes or by-products of combustion. Clothes come out clean and fresh as all outdoors. And, a radiant electric dryer will cost you only \$1.25 a month to operate.*

What is radiant heat? It's the kind of heat you feel from the sun on a warm day. It's not at all like the scorching heat you feel when you hold your hand over an open flame. The heating element in an electric dryer gives off radiant heat. So it dries gently like the sun.

*Based on actual use by a cross-section of Chicago-area families.

Commonwealth Edison Company

BONUS: Buy an electric dryer before Dec. 1 and save up to \$60. If you're a Commonwealth Edison customer, you'll get the usual savings of up to \$40 you expect when you buy an electric dryer instead of gas—plus a special \$20 bonus check direct from Commonwealth Edison! See your dealer.

Introducing the tuned car. 1966 Buick.

What makes a car a car is styling, performance, ride and handling. Only when they're all tuned together is the car a Buick. Like this '66 Skylark Gran Sport.

Safety is part of the tuned car's plan. And that plan is this: To make driving safer and more pleasant. For example, every tuned car comes with back-up lights (to make seeing where you're going easier, even when you're going where you've been). Seat belts front and rear are standard, too. And so are two-speed windshield wipers and washers, an outside rear-view mirror, a shatter-resistant inside mirror, padded dash and sun visors. None of them will do you much good, though, unless you use them. But then, the tuned car itself couldn't do much for you, until you own it. How soon will we be seeing you? Tomorrow would be nice. **Wouldn't you really rather have a Buick?**

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

MURPHY-BABER BUICK, INC., 91 South Route 12, Fox Lake, Ill.

Author To Address Club

Regina Z. Kelly, author, teacher and lecturer, will relate her personal experiences in writing a book at the November 1st meeting of the Antioch Woman's Club.

Mrs. Kelly has dedicated her talents to a more meaningful presentation of history to young Americans. Her book, "Henry Clay: Statesman and Patriot," was a Book of the Month selection of the Young Readers Club of America.

Mrs. Kelly will present an autographed copy of one of

Regina Z. Kelly

her books to the Antioch Woman's Club.

The meeting will start at 1 p.m. at the Scout House. The hostess committee for the afternoon will be the Mesdames Ed Abderhalden, Harry Green, William Rook, Elmer Eberhart, Elmo Edwards, Harold Gaston, Richard Daniels, Dean Waite and Charles Watson.

Social Notes

By Del Jahneke

The Order of Martha of St. Anthony's Household will be holding a public card party Friday, October 29, at 8 p.m. in the Antioch Savings and Loan Recreation Room. All funds contributed to this Order of Martha goes into needed missionary work in other countries.

Mrs. John Hagen of the Lakeside Rebekah Lodge No. 82 of Antioch, attended the Sovereign Grand Lodge of the International Association of Rebekah Assemblies, the Patriarch Militant and Ladies Auxiliary P.M. Convention at the Sherman Hotel in Chicago. As this was a world wide convention, representatives from every state of the Union were there, as well as all the provinces of Canada, also New Zealand, Chile and Switzerland.

The General Commander of the Patriarch Militant and Sovereign Grand Master were honored at a banquet, held in their behalf, in the Grand Ball Room. Nine men of the Patriarch Militant received the Decoration of Chivalry, while 1,300 I.O.O.F. and Rebekahs were present to view this impressive ceremony. Afterwards, the Grand March and Grand Ball climaxed the evening in military precision and with much glitter from the beautiful gowns of the ladies.

The I.A.R.A. Installation took place in the Grand Ball Room. Ninety Rebekahs from California flew in to perform for the new President. Their gowns, of gold brocade and old rose satin, made a lovely picture as they did various floor-work formations. These 90 Rebekahs raised \$11,000 for the making of their gowns, plane fare and hotel stay. Mrs. Hagen reported that she enjoyed every minute of this convention.

Antioch Garden Club Holds Luncheon - Cards

The Antioch Garden Club held its annual luncheon and card party Monday, Oct. 26, at the Savings and Loan Recreation room. Mrs. E. Dompke was committee chairman, assisted by Mesdames Dudley Kennedy, Lloyd Leable, Catharine Puchalski, Fred Oschmann and Joseph Patrovsky, Sr.

Campus News

HAS LEAD IN PLAY AT NORTHWESTERN

Lloyd A. Pedersen, presently a sophomore at Northwestern University in Evanston, has been awarded a lead role in the upcoming play, "J.B.", to be presented by the Northwestern Chapel Committee on November 17.

Lloyd graduated from Antioch High School in 1964, where he participated in many of the high school's drama and musical productions, one of which was the same play, "J.B."

"J.B." is a drama in verse by Archibald MacLeish modernized from the story of the Book of Job. Lloyd, who played the title role in high school, will be playing the part of Mr. Zuss (God) in the current production.

Lloyd is in the School of Speech at Northwestern, concentrating in Theatre and English.

Dianne Sebelien, daughter of Mr. and Mrs. James S. Sebelien, Rt. 3, Antioch, is a freshman at Marycrest College this year.

CHRISTIAN SCIENCE CHURCHES

"Whom the Lord loveth he chasteneth." (Hebrews 12:6) The Lesson-Sermon in Christian Science churches this Sunday points out some of the ways this statement comes true in the lives of people today. The topic is "Everlasting Punishment."

One explanation of chastening is presented from the tenets of Christian Science, as stated in "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 497): "We acknowledge God's forgiveness of sin in the destruction of sin and the spiritual understanding that casts out evil as unreal. But the belief in sin is punished so long as the belief lasts."

Throughout the Lesson-Sermon, this chastening is shown to be for man's ultimate benefit, as expressed in these lines from Matthew (25:34): "Come, ye blessed of my Father, inherit the kingdom prepared for you from the foundation of the world."

Boss: "You should have been here at 8 o'clock!" George: "Why, what happened?"

Where The Boys Are

Navy Seaman Recruits Michael P. Verkest, son of Mr. and Mrs. Morris Verkest of 441 Fillmore Court, and James A. Nehlsen, son of Mr. and Mrs. August P. Nehlsen of 1014 Spafford St., both of Antioch, have begun seven weeks of Navy basic training at the U. S. Naval Training Center, San Diego, Calif.

Machinist's Mate Fireman Apprentice George P. Wilson, son of Mr. and Mrs. Bert H. Wilson of Route 2, Antioch, departed Valparaiso, Chile, October 6, to continue Operation Ulatas VI exercises while serving aboard destroyer escort USS John Willis. The exercises are continuing South along the coast of Chile.

Unitas VI is a series of anti-submarine warfare training exercises conducted by U. S. Units with the navies of Argentina, Brazil, Chile, Colombia, Ecuador, Peru, Uruguay, and Venezuela. Air Force units from some of these units are also participating.

Machinist's Mate Fireman Apprentice George P. Wilson, son of Mr. and Mrs. Bert H. Wilson of Rte. 2, Antioch, returned to the Atlantic Ocean Oct. 15 while participating in the four-month anti-submarine warfare exercise Operation Ulatas VI aboard the destroyer escort USS John Willis.

HALLOWEEN SQUARE DANCE OCT. 30

The Woodshed Whirlers have scheduled a Halloween Square Dance Jamboree for Saturday, October 30, from 8:30 to 11:30 p.m.

The dance will be at the Round Lake Consolidated School at Round Lake. Al Sava will be the caller.

OH NO, NOT THAT!

It does get exasperating sometimes the way forecasters of the United States Weather Bureau miss the mark on predictions. But it could be worse. Just think of what could happen if the government stopped merely trying to predict the weather and started regulating it.

Many traditional as well as new festive ideas for holiday entertaining will be prepared by the two N-Gas home-making experts. All the foods will be given away, along with recipe booklets.

Mrs. John F. Effinger, Antioch, President of the St. Ignace Ladies Guild, extends a cordial invitation to the public to attend this meeting. The program, called "Festive Fare for the Holidays," will begin at 8 p.m., in the St. Ignace Parish Hall, 983 South Main St., Antioch.

Conscience is that sixth sense that comes to our aid when we are doing wrong and tells us that we are about to get caught.

The three-year objective of the Illinois Council is the extension of programs to all retarded children and adults in the Chicago area.

NEWSPAPERS AND THE FEDERAL GOVT.

LANCASTER, S. C., NEWS:

"Printing plants can borrow from the government but newspapers are barred because the Federal government does not want to be in the position of taking possession of a newspaper in the event the loan is not paid. That sounded like good Constitutional reasoning until we got a report from Michigan this week that \$188,000 in Federal funds has been allocated to establish a weekly newspaper in Willow Run, Mich. The new paper, which will compete with four others in the area, proclaims that its purpose is to provide 'honest and true reporting' on matters the government feels are of interest. A sort of TVA yardstick to measure the press?"

The Woodshed Whirlers have scheduled a Halloween Square Dance Jamboree for Saturday, October 30, from 8:30 to 11:30 p.m.

The dance will be at the Round Lake Consolidated School at Round Lake. Al Sava will be the caller.

Conscience is that sixth sense that comes to our aid when we are doing wrong and tells us that we are about to get caught.

Plan To Reach All Mentally Handicapped

A project aimed at coordinating services to the mentally handicapped in Cook, Lake, DuPage and Kane counties is being undertaken by the Illinois Council for Mentally Retarded Children.

Chairman of the Community Planning Project on Retardation is Mrs. Robert P. Knight, Winnetka.

In the project's first phase, steering committee members will visit every public and private agency serving the retarded in the four counties to earn first hand what is being offered and what is lacking.

Next step will be joint meetings of representatives of various agencies in neighboring communities to plan for more effective coordination of programs.

"We know that in many areas there are families with retarded children who have no sources of outside help, while in a few other communities, services overlap, we all could benefit from better communication," Mrs. Knight said.

The three-year objective of the Illinois Council is the extension of programs to all retarded children and adults in the Chicago area.

Three Year Pins: Claudine DuMelle and Kathy Jones.

Six girls: Jean and Linda Bywell, Claudine DuMelle, Carol Langager, Donna Anderson and Kathy Jones are the members of the 4th High School class that Mrs. Any drew. (Edith) Westberg is leader of Mrs. Westberg is trying to recruit leaders for the younger girls. Any woman interested in being a 4th Club leader should call Mrs. Westberg at 356-5333.

Grandmothers Club

Mrs. Vicky Olszewski entertained the Grandmother's Club last Thursday in her home.

Company

Floyd Stanley's sister, Salena Crick and her husband, Roy, spent three days visiting here last week. They are from Crofton, Kentucky.

Attend Wig Show

Lu Stanley, Margaret French and Vicky Olszewski attended the "Wigs Through History" show sponsored by the Young Women's Republican Club last Wednesday at the Round Lake American Legion Hall. A lunch preceded the show, that also featured a historic fashion show narrated by Mrs. James McMillen of Antioch, and a ski wear fashion show presented by the Gander Mountain Ski Shop.

ner the same night. More details next week in this column.

American Legion Auxiliary
The Lake Villa American Legion Auxiliary will hold their next meeting Nov. 11, at 8 p.m. at the Lake Villa Bank, located on Grand Ave.

Visitors
Mrs. Irene Dotts returned to her home at Streamwood, Ill., after spending two weeks with her son and wife, Mr. and Mrs. Joseph Dotts.

Mrs. Joseph Hamlin spent the weekend visiting relatives in Indiana.

Sharon Slazes, a student at the University at DeKalb, spent the week with her mother, Mrs. Frank Slazes, Sr.

Mary Kay Jarvis, a nurse at St. Therese hospital, spent the weekend with her parents, Mr. and Mrs. Henry Jarvis.

Burt Anderson of Loon Lake, Antioch, Leonard Armstrong of Lake Villa and several other friends have returned from a fishing trip in Canada.

William Jarvis, a student at the University at DeKalb, spent the weekend with his parents, Mr. and Mrs. Henry Jarvis.

Norman and Everett Nelson of North Chicago visited relatives in Lake Villa Saturday.

Russell Wilson was able to return home after being a hospital patient for a few days.

Fall Concert

The Lake Villa Grade School band will hold their Fall Concert on Sunday, Nov. 14. They conduct three concerts during the year. More details in this column at a later date.

Cub Leader

Pow-Wow To Be

At Deerfield

The annual Cub Scout Leader Training Pow-Wow of the North Shore Area Council will be held at the Deerfield Grade School on Saturday, Nov. 6.

Crafts, skits, puppets, ceremonies, games, exhibits and pack administration will be featured. Over 300 leaders from 44 communities will participate.

The main purpose of a Cub Pow-Wow is training. The Pow-Wow will begin at 12:30 p.m. and will be concluded by 5 p.m. on Saturday, Nov. 6, at the Deerfield Grade School.

Millburn News

By Mrs. Frank Edwards

Regular services at Millburn Congregational Church Sunday, October 31. Church and Sunday School at 10 a.m. Standard time.

Chicken Dinner and Bazaar, Friday, Nov. 5

The 60th Annual Chicken dinner and bazaar sponsored by the Millburn Ladies Aid will be held Friday afternoon and evening, Nov. 5. The dinner will be served in the church at 5 p.m. and the bazaar will be open in the Masonic Temple at 2 p.m.

Tickets for the dinner may be purchased at the door.

Mr. and Mrs. Charles Taylor of University City of Iowa were weekend guests of their parents, Mr. and Mrs. William Paulsen.

Mr. and Mrs. John Edwards and daughter, Lynne, of Libertyville spent Sunday evening at the home of Mrs. Frank Edwards.

Members of the Senior Pilgrim Fellowship entertained their parents at their meeting Sunday evening. About 40 were present. Rev. L. H. Messersmith led the devotions.

Preschoolers, first, second and third graders are invited to a Halloween party at the church Friday evening, Oct. 29 at 6 p.m. Grades four through eight will have their party at 7 p.m. Children may come in costume if they wish. These parties are sponsored by the Millburn Social Club.

The Senior Pilgrim Fellowship will meet at the Russell Doolittle farm Saturday evening, Oct. 30, for a hay ride party.

Mr. and Mrs. William Paulsen and family attended the Northwestern Homecoming at Evanston on Saturday.

Mrs. Earl Turnpaugh and Ruth Ellen of Kansasville, Wis., were callers at the home of Mrs. Harley Clark Friday.

Mrs. Frank Hauser returned home Wednesday after spending several days with her sister, Mrs. L. Raymond, of Milwaukee.

Mrs. Harley Clark and sons Glenn, were dinner guests of Mr. and Mrs. John Clark of Waukegan, Sunday.

Jill Louise, daughter of Mr. and Mrs. John Clark, was baptized at the Sunday morning service.

Ghosts & Goblins Will Serve You

If you want to get a bit of Halloween spirit ahead of time, visit Carl Seemann's One-Hour Martinizing Cleaners next Thursday, Friday and Saturday.

The folks over there are going to celebrate Halloween early, while serving customers as usual. Well, not quite as usual. You may have trouble recognizing some of the personnel—everybody's going to be in costume.

Everyone's invited to come in and walk through the place, viewing the costumes Carl's workers have dreamed up for the day. They should be good—Carl's giving a cash prize to the employee whose costume is judged best.

Judges of the costumes will be Dr. Edward Abderhalden, "Big John" Teresi and Mrs. Ray Lorenz, Jr.

You'll receive a cup of "magic potion" from a witch, served from a steaming

cauldron. All the kiddies will get a treat.

Carl may not be around all the time. In his place will be a gorgeous six-foot blond, possibly a refugee from a Key Club.

This will be the first party of this kind in the area, Carl says, and every holiday from now on will be celebrated in somewhat the same way, with the theme, of course, varying with the holidays.

Reminds Nation of Value of Oil Lands

Senator Paul H. Douglas has introduced a bill to provide for the retirement of the national debt through the royalties from the rich oil shale lands owned by the Federal Government.

Douglas said his bill would require that when "these tremendous assets owned by the people of the U.S." in the oil shale lands of Colorado, Utah and Wyoming are developed, the income of the federal government would be paid into a special Treasury account. The money would then be used to retire the debt.

Douglas said the royalties from the land would be sufficient to pay off the whole national debt. He said his bill does not attempt to reverse the Executive Order which holds the oil shale in reserve, nor to stipulate the rules for leasing the oil shale for development.

Douglas said that in addition to reserving the income

Ceremonies Mark Issuing of Stevenson Stamp

Post Office Department officials took part in ceremonies marking the first day of issue of the Adlai E. Stevenson Memorial Stamp at Illinois Wesleyan University, Bloomington at 10 a.m. Saturday.

A sale of 700,000 first day stamps was expected in Bloomington on Saturday. The stamp is expected to be the largest selling special issue in history, surpassing even the John F. Kennedy stamp.

State and national officials scheduled to speak in IWU's student center included Gov. Otto Kerner and Deputy Postmaster General Frederick Belen.

Honored guests included Mrs. Ernest L. Ives, sister of the late ambassador, and Stevenson's three sons: Adlai III, John Fell and Borden.

At the close of the ceremony, Illinois Wesleyan President Lloyd Berthoff and Mrs. Ives placed the stamp, a book about Mr. Stevenson and other documents in a time capsule. The capsule will be placed in a cornerstone of the Memorial Center addition, part of a \$3-million dormitory and food service project.

From the oil shale deposits for repayment of the debt, he also sought to illustrate that the assets of the nation far exceed its debt, and to alert the people to their ownership of this vast resource and "to warn all parties" against trying to deprive the people of their full rights to it.

Annual FALL BEEF SALE

OCT. 27 to NOV. 6th

ATTENTION... Home Freezer Owners!

"Jo-Pat" meats in your freezer are like money in the bank! Purchased by the half, or quarter... each piece will be cut, wrapped, frozen and marked as YOU specify. Make your selection as the professional buyers do — from our giant cooler salesrooms.

2 Plans That Put You In the Driver's Seat FAST!

PRE-APPROVED PLAN

Call at the bank and discuss your plans and financing needs. Naturally you cannot know the exact amount of cash you'll need until you select your car. But we can determine your approximate requirements. The loan can be processed and approved in advance, with only the details to be added later. You will be in the position of a cash buyer, independent, assured, in position to negotiate confidently and get the best possible buy.

CONVENTIONAL PLAN

Select the car you want to buy. Get price information. Determine the trade-in value of your present car, if you have one. Then come to the bank with these figures and make application for the loan you will need. Your application will be handled promptly, and required cash will be available without delay. Our service is friendly, confidential, business-like and helpful. You'll find that there is no more economical financing plan.

Speaker To Tell Wonders Of Future

Banking by telephone, shopping by Picturephone, and warehouse inventory control by Data-Phone are all distinct possibilities in communications for the century.

Members of the Methodist Men's Club will hear about these not-too-distant "phone-omena" and others at a meeting of the club at 6:30 p.m. on Monday, November 1. The speaker will be Evan St. J. Tyrell, a public relations representative for Illinois Bell.

By the year 2000, you may relax on your way to work as your car is guided automatically along an electronic

Rams Hold On To Conference Lead

Grayslake continued to dominate the Northwest Suburban conference Saturday by virtue of a 12 to 7 win over

highway. You might schedule an afternoon conference in an office 200 miles away, since you own your own airplane. And the fact that you are late getting home won't matter, since dinner is already being prepared on your remote control appliances which are operated via the telephone.

Evan Tyrell will discuss these possibilities and some of the milestones of the past in communications. Tyrell is equipment coordination engineer for Illinois Bell Telephone Co. He has been with Ill. Bell system for over 25 years.

Antioch on the loser's field. The Rams still have to get by a strong Warren team but are virtually assured of at least a tie for the Conference championship. The Rams will meet Warren the last game of the season.

Warren and Grant kept their title hopes alive over the weekend, however, as both teams came up with vital wins. The Blue Devils had to come from behind in the final minute of play to score the winning TD in their tussle with Lake Zurich.

Grant had an easier time of it, rolling over luckless Lake Forest 31 to 20. Lake Forest is still looking for their first win of the season and it seems everyone is taking their revenge.

In other conference action Round Lake easily rolled over Wauconda 20 to 6.

Avon Players To Present "The Gazebo"

The Avon Players are in rehearsal of the first play of their ninth season, "The Gazebo", which will be playing at the Avon Auditorium, three miles north of Grayslake on Highway 83. The play will be presented Nov. 12, 13 and 14 with curtain time at 8:30 p.m.

"The Gazebo" is a mystery comedy by Alex Coppel. Elliott Nash is played by John Bidney of Lake Villa. Helen Smith of Waukegan plays his wife. District Attorney Harlow Edison is played by Ed Zalewski of Grayslake.

Space Flight Film Loaned To Groups

A thirty minute film showing exciting episodes in the recent flight of Gemini IV, including an American astronaut's first walk in space, is available through the courtesy of Congressman Robert McClory (R-Ill.). The dramatic 16 mm. sound film in full color is available without charge to school, church, civic and fraternal groups.

Arrangements may be made by telephoning Congressman McClory's Waukegan office (phone number 336-4554) between 9:00 and 11:30 a.m. on weekdays or by addressing a letter to Congressman Robert McClory, 326 North Genesee, Waukegan, Ill., 60085.

JEWEL'S "EXTRA CHOICE" BEEF BEARS THIS... Double Symbol of Excellence!

There is no U.S. Government grade "Extra Choice." However, all Jewel beef is either U.S.D.A. Choice or Prime. Since we select only the best of U.S.D.A. Choice heifers, we call our beef Jewel "Extra Choice." Here's why:

- Jewel meat inspectors choose only from heifers graded U.S.D.A. Choice.
- Only 1 out of every 3 government graded U.S.D.A. Choice heifers meet Jewel's high meat selection standards.
- Every heifer selected by Jewel is stamped "J.E." This — along with the U.S.D.A. Choice shield — is your double symbol of excellence.

Sequoits Fail To Stop Conference-Leading Rams

Antioch's Sequoits saw their conference title hopes dashed Saturday in a hard fought defensive battle with Grayslake on the Sequoits field. The Rams came off with a 12 to 7 victory that kept them in undisputed leadership of the Northwest Suburban Conference.

Antioch was the first to score, getting a touchdown on their first and only play from scrimmage in the first quarter. Jim Litchfield broke off tackle and eluded several Grayslake defenders, rambling 51 yards for the TD. Sterbenz booted the PAT.

Operating from Antioch's 45-yard line after an exchange of punts, the Rams moved to the Sequoit one-yard line on four plays. Featured in the drive was a 9 yard run by Jim Diechman to the Sequoit one. Dave Subject took it over with a sneak-on-the-next-play. The PAT went wild and the Sequoits led at halftime 7 to 6.

A recovered Antioch fumble and a 15-yard penalty set up Grayslake's second touchdown. The scoring play was a 15 yard pass from Subject to Pat Grady.

That ended the scoring for the afternoon. Grayslake mounted another drive after a recovered fumble late in the fourth period but the Sequoit defensive stiffened and held on their own two-yard line.

Antioch's only defensive offensive drive came in the third period when they penetrated to the Rams' 15-yard line before giving up the ball on downs.

Tyrone Walls, the workhorse of the Sequoit offense, got the drive going with a 32-yard run that set the Sequoits up on Grayslake's 35-yard line.

The Rams had the better of it statistically with 150 yards gained in rushing and

75 via the air. The Sequoits managed only 91 yards on the ground and 15 passing.

Grayslake picked up 13 first downs and Antioch 3. Total yards showed Grayslake with 225 and the Sequoits with 106.

Jim Litchfield was the leading ground gainer for the Sequoits with 74 yards in 6 carries. Walls carried 11 times for 48 yards. Coach Roy Nelson commented, "You can't fumble seven times and have four broken plays and expect to beat a good team like Grayslake."

Coach Nelson had high praise for the way the Sequoits played, however, pointing to the goal line stand in the fourth quarter that kept the Sequoit hopes alive.

He had special praise for Wayne Hansen at end and Bruce Bonner backing up the line. "Time and again they broke through and spoiled the Rams' offense," Tyrone

News of Lakes Sports

THURSDAY, OCTOBER 20, 1965 THE ANTIOCH NEWS 7

Walls was also a defensive standout. Walls was credited with 10 tackles.

"We still have Warren and Lake Zurich left on the schedule, so we aren't going to spend too much time fretting about this game." The Sequoits go to Gurnee Friday for a night game with Warren.

"It will be another tough one," Nelson said. "They are real big in that line. From tackle to tackle they will average better than 230 pounds. They've got a real

fine boy in this Jeff Clink who backs up the line for them." Nelson also added, "We'll be going down there to play football."

Targets & Rifles Clash For Charity

All is in readiness for the gridiron clash Sunday between the Lake County Rifles and the Targets. The game to be played on Weiss Field in Waukegan at 2 p.m., pits the semi-pro Rifles against a team made up of elected officials.

Admission to the contest will be a new toy with proceeds going toward this year's Toys for Tots drive, an annual campaign sponsored by the Marine Corps Reserve for underprivileged children of the county.

Since last week more officials from around the county have been added to the roster giving the Targets at least two complete teams. A call has gone out to the top executive officers, mayors, clerks and treasurers, of all municipalities to report in at game time so the Targets will have plenty of reserve strength.

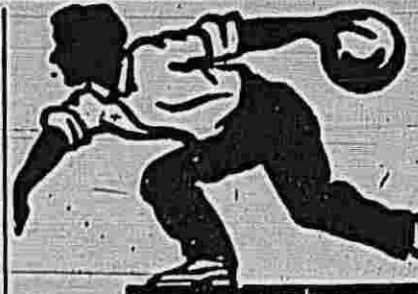

A bevy of classy cheerleaders has been assembled to root for the Targets, who figure they need all the help they can get against such formidable odds as the Rifles.

Marine reservists will be stationed at both gates to collect toys and will also furnish a color guard for posting of the flag prior to game time. And the contest will be carried live and direct from the field by radio station WKRS.

Half-time entertainment and some special razzle-dazzle gimmicks have been lined up for the event, believed to be a first for Lake County.

An added attraction for the youngsters will be an appearance by a gentleman wearing a beard, but his identity is being kept a secret.

The charity game is open to everyone and the Toys for Tots committee is hoping for a record turnout.

Soph Sequoits Still Unbeaten

Coach Andy Hauptman's Sophomore charges spent a frustrating afternoon Saturday as they pushed a Grayslake team all over the field only to have the game end in a 14 to 14 tie.

The Sequoits scored first with a four yard sweep by Dave Camp, a recruit from the freshman team this week, greatly aided the Antioch preps' offense. Bill Nader carried over for the PAT.

The Sequoits' second touchdown came on a 15 yard pass, Greg Drije to Dave Blagg. Camp ran over for the PAT. Grayslake's two TD's came on a recovered fumble and a blocked punt.

Statistics showed the wide difference in the two teams with Grayslake picking up only 60 yards total to 185 for the Sequoits.

Senior Citizens Conned By Frauds, Says Inspector

Senior citizens are increasingly becoming the object of fraud schemes, Chief Postal Inspector Henry B. Montague warned today.

"Our elderly, with time and a limited amount of capital to spare, have become a mark for fast-talking, high pressure confidence men," Mr. Montague said. "The Postal Inspection Service has noted this increased emphasis in recent years and has moved quickly to thwart these

frauds."

Mr. Montague noted a number of fraud schemes designed to bilk the elderly: phony insurance plans, some tied in with the recently passed Medicare law; land sales, in which worthless subdivision lots are offered for sale to persons seeking a place for retirement; sales of worthless stocks and bonds and oil and gas leases; business franchise promotions; chain referral schemes, in which the victim

is led to believe that he can work off the cost of an expensive purchase, and work at home plans.

Mr. Montague noted that the number of investigations by the inspection service of phony insurance schemes has shown a sharp increase in the past year. Brochures and advertisements promoting these plans often contain eye-catching phrases, such as: "no age limit," "pre-existing conditions covered," "issued to all ages up to 100 years of age," "no medical examination required to qualify."

The chief postal inspector advised prospective purchas-

ers to check out the company with a State Insurance Department or a Better Business Bureau.

Land fraud schemes are particularly aimed at the elderly, Mr. Montague said. Persons who have retired or are about to retire are often looking for a retirement community. But many can then subdivide worthless land—it may be under water or in the middle of a desert—and then paint glowing pictures of the property.

Many elderly citizens have lost their life savings through investments in worthless stocks and bonds and oil and gas leases, Mr. Montague said. The victims are people who are looking for a little extra income to help them in their retirement years, he noted. In the fiscal year completed June 30, 1965, 48 persons were indicted for the sale of these worthless securities. Half of them have already been convicted.

The desire for a little extra income and a way to help while away the retirement hours is also involved in two other schemes: business franchises and work at home plans, Mr. Montague said.

The franchise frauds are promoted through glowing advertisements under "Business Opportunities" or "Help Wanted" columns of newspapers. These ads offer extraordinary profits for part-time work. Victims are enticed to invest in the business, with promises of exclusive territories and trained personnel to assist them. But the victims soon find that the vending device they have purchased was overpriced and will not pay for itself, or that their business is to be run in a third rate store or shop in a poor neighborhood.

Since 1958, postal investigations have led to the conviction of 143 persons for business franchise schemes. At present, 199 suspected pro-

motions are under investigation.

The work at home plans involving payment of a fee so that profitable employment can be carried on in the home addressing envelopes, clipping newspapers or sewing pillow cases. The fee may be only \$3. This was the amount charged by a New York City man for his service. He promised invalids, shut-ins and others, profits of \$75 a week for clipping newspaper items. It was estimated that he bilked 100,000 persons before he was sentenced to 18 months in prison this year.

At present 164 work at home operations are now un-

der investigation. Twenty-seven persons have been convicted and 396 such promotions nipped in the bud by postal inspectors.

The chain referral schemes also have the appeal of picking up some extra money. Victims are led to believe that if they purchase the product they will become "equipment owning representatives" of the seller and will reap rewards. But the victims have ended up with an over-priced item, and sometimes have even signed mortgages on their homes or steep conditional sales contracts. The scheme is used on a host of products — from vacuum

Film on Viet Nam Available To Groups

Congressman Robert McClory has secured for distribution a fifteen minute sound film relating to the United States Marine Corps activities in South Vietnam. The film, entitled "War Within a War," is available through Mr. McClory's Waukegan Congressional office.

School, church, fraternal, civic and other groups may take advantage of this recently issued action film by calling the Congressional Office week days between 9:00 and 11:30 a.m. (telephone 336-4554) or by writing Congressman Robert McClory, 320 North Genesee, Waukegan. There is no charge for the use of this film.

Looking for high style?
Look again...and you'll buy Gas

Very "in".

Very out of the ordinary.

We think you'll agree once you've seen the chic new styles and latest colors of modern gas ranges.

And you'll love the many time and work-saving features of a new gas range, too.

The "Burner-with-a-Brain" ends pot-watching. Automatically maintains any temperature of your choosing.

Programmed Ovens roast food to perfection—then keep it serving hot for hours, automatically.

Top burner control is instant on, instant off—saves time and bother.

Smokeless broiling means kitchen walls stay clean longer.

Economy?

Nothing beats the thrift of a modern gas range (unless it's a campfire).

High time you saw the high style of today's gas ranges.

Visit your appliance dealer's, or any Northern Illinois Gas Company showroom.

Phone: 356-2301

Gas makes the big difference... costs less, too
